

To improve efficiency and make it easier to receive cartons or pallets in OMS, receiving ability has been added to the store's mobile scanners.

Follow the steps below to logon to the Sierra Store App, navigate to the Retail Transfer section, and scan received cartons or pallets into OMS.

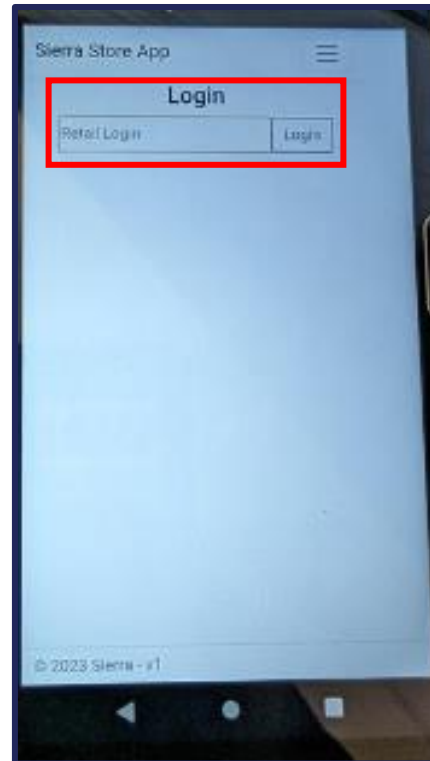

## Receiving Cartons or Pallets via Mobile Scanner

STEP	ACTION	EXAMPLE
1.	<b>Sierra Store App</b> If the app does not open automatically, launch the Sierra Store App from the mobile scanner by pressing the circle navigation button located at the bottom of the screen.	
2.	<b>Opening Retail Transfer</b> a. If not already displayed, tap the three lines on the top left of the screen to open the menu. b. Select the Retail Transfer option.	

3.

## Login

Enter your AIN to login to the app.

4.

## Scan Cartons or Pallet

When you get to this screen, you may begin scanning in your cartons or pallets you are receiving.

5.

## Successful Scanned Carton or Pallet

When you get to this screen, the carton or pallet was received successfully. The scanner will also emit a success beep when successfully scanned. You may continue scanning additional cartons or pallets.

### NOTE

If you receive an error message on first scan of a carton or pallet, please attempt scanning again. If you receive the same error again, please try to receive the carton or pallet via OMS on the backroom desktop computer.
